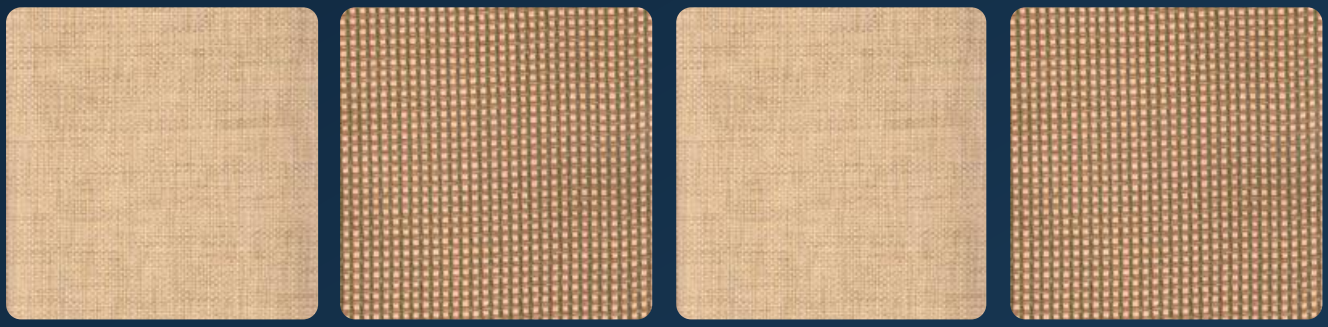
ZSK350
Straw Woven Wallpaper

Natural fibre weave · 1.22 m rolls · 315 g/m². Catalogue 2026 — every model with its code, finish family and application reference.



10	2	1.22 m	315 g/m²
MODELS	WEAVE FAMILIES	ROLL WIDTH	WEIGHT

Why specify ZSK350

Natural fibre weave · 1.22 m rolls · 315 g/m². Refurbish cabinets, doors, wall panels and furniture without demolition, wet trades or spray-booth time — one substrate, one installation method across the whole range.

One range, one method

Shared technical parameters across every model — specify once, order across finishes without re-approving the system.

Factory direct

Shanghai and Jiangxi coating lines, distributor pricing, stock confirmed before the order is placed.

Sampling before commitment

A4 swatches free of charge, courier at cost. Judge colour and texture under your own lighting.

Documented compliance

Technical data sheet per model; fire and emissions reports available on request.

Specification — shared across the range

Ordering, sampling & lead time

1 · Choose the model

Every model in this catalogue has its own page with specification and swatch at pvcfreedecor.com.

2 · Request a swatch

A4 swatches free of charge, courier at cost. Judge colour under your own lighting before committing.

3 · Confirm stock

We confirm availability, roll length and lead time in writing before the order is placed.

4 · Ship

Standard lead time 15–20 days on stock items. Roll count and freight quoted per order.

Optional fire-retardant grade — EN 13501-1 B-s1,d0 on A1/A2 mineral substrate. Report available on request, not published online. Application photographs are illustrative references, not project case photographs. Colour reproduction varies by printer and screen — always approve a physical swatch.

Specify ZSK350 for your next project.

Send the model codes, quantity and substrate — we reply with availability, roll count and freight within one business day.
